

REMARKS

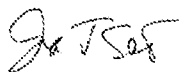

Claim 1 has been amended to change "quadrangular surface" to "quadrangular shape." The recitation of "quadrangular surface" was made in the amendment filed on August 23, 2006, and was made in error; the correct term, "shape" (referring to the base), appears in line 15 of claim 1, and "quadrangular shape" was used in the amendment to claim 14, now withdrawn and canceled.

Applicant submits that this amendment represents and minor change in language only, does not change the scope of claim 1, and requires no further consideration or search. As there is no substantial change in the meaning of the language of claim 1, all claims in the application remain patentable.

The error in the language of claim 1 was discovered after the issuance of the Notice of Allowance, and therefore the request to correct the error could not be made sooner.

Entry of the amendment to claim 1 is respectfully requested.

Respectfully submitted,
